SUPPLEMENTARY INFORMATION:

I. Background

The Corporation for National and Community Service was established in 1993 to engage Americans of all ages and backgrounds in service to their communities. The Corporation's national and community service programs provide opportunities for participants to serve full-time and part-time, with or without stipend, as individuals or as part of a team. AmeriCorps*State, National, VISTA, and National Civilian Community Corps programs engage thousands of Americans on a full, or part-time basis, at over 1,000 locations to help communities meet their toughest challenges. Learn and Serve America integrates service into the academic life or experiences of nearly one million youth from kindergarten through higher education in all 50 states. The National Senior Service Corps utilizes the skills, talents and experience of over 500,000 older Americans to help make communities stronger, safer, healthier and smarter.

AmeriCorps*State and AmeriCorps*National programs, which involve over 40,000 Americans each year in results-driven community service, are grant programs managed by: (1) State commissions that select and oversee programs operated by local organizations; (2) national non-profit organizations that act as parent organizations for operating sites across the country; (3) Indian tribes; or (4) U.S. Territories. Learn and Serve America grants provide service-learning opportunities for youth through grants to state education agencies, community-based organizations, and higher education institutions and organizations. The National Senior Service Corps operates through grants to nearly 1,300 local organizations for the Retired and Senior Volunteer (RSVP), Foster Grandparent (FGP) and Senior Companion (SCP) programs to provide service to their communities.
